RE: Bus driver who passed
De Russey's Lane on night
of murder.

Further to my report of September 28, 1926, covering above, would advise that I today interviewed Louis Burroughs of Millstone, N.J.

Burroughs informed me that on September 16, 1922 he was employed at Bennett's Garage at East Millstone. He worked around the garage until 9:30 P.M., when he drove Bennett's bus from East Millstone to New Brunswick.

His running time from East Millstone to New Brunswick was a half hour; the run to DeRussey's Lane requiring about twenty minutes. So that on this trip he passed DeRussey's Lane between 9:45 P.M. and 9:50 P.M. daylight saving time.

Returning he left New Brunswick at 10 P.M., passed DeRussey's Lane about 10:10 P.M. and arrived at East Millstone at 10:30 P.M.

He claims that he noticed nothing unusual around DeRussey's Lane on this particular night. His recollection of this trip is very clear, for the reason that the question of which one of Bennett's men was driving the bus that night came up at about the time the bodies were first discovered.

I questioned him with reference to Jane Gibson and as to whether he had heard of anyone who might be able to give us any information. He claims that he has no information which would be helpful to us. He said if there was anything which he could do for us, he gladly would, for the reason that he is a friend of Mr. Dudley Watson.

Respectfully yours,

David Thompson
